

DEATH DEN NEAR
ROCKEFELLER HOME

PREACHER FOUND DEAD

BUCHYRUS.—Rev. D. H. Bauslin, aged 80, of Springfield, Ohio, who came here to conduct a funeral, was found dead in bed at the Lutheran parsonage here this morning.

FOUND NOT GUILTY

CHICAGO.—Simon O'Donnell, formerly president of the Chicago Building Trades Council, and three other labor leaders, charged with graft, extortion and conspiracy in connection with an alleged building trust here were found not guilty by a jury.

EX-BANKER DEAD

CINCINNATI.—George Bohrer, 72, former president of the Lincoln National Bank, which before the war was the German National bank here today.

RESIGNATION SOUGHT

LONDON.—The Daily Herald's political correspondent declares President Harding has "definitely decided" to ask Ambassador George Harvey to resign. The Herald understands that only the question of Harvey's successor is delaying the resignation.

MAYOR ATTACKED

FAIRPORT, Ohio.—Dr. Amy Kaukonen, girl mayor of Fairport, was suffering with a black eye today, the result of an attack made by a man who entered her office to protest against her strict enforcement of the prohibition law. "You are going too far," said the man, who was a stranger in Fairport. The mayor said that she would not discuss the matter with him. He struck her and fled.

DEMAND DENIED

OKLAHOMA CITY, Okla.—Governor J. B. A. Robertson, of Oklahoma, has returned to the capital today, his demand to appear before the grand jury probing the Okmulgee Bank failures denied. He went to Okmulgee and demanded to testify following the announcement that the jury had indicted "high state officials."

SHOOTS THREE

NEW YORK.—A maniac whose automatic revolver is equipped with a Maxim silencer, was believed to have been in Brooklyn today, fought by the police for shooting three citizens last night. The wounded men, who are strangers, fell suddenly with bullet wounds in their bodies and no trace of the shots could be found. One man was riding in an elevated train when a shot thru the window struck him.

JURY DEADLOCKED

TOLEDO.—The jury deciding the fate of Jesse C. McDowell, aged Pittsburgh millionaire oil operator, on trial in federal court here, charged with using the mails to defraud, resumed deliberations early today after having been out since early Friday afternoon. The jurors were put to bed at midnight and were aroused at six o'clock this morning to continue their deliberation of the case.

INJUNCTION DRAWN

STEUBENVILLE.—A temporary injunction was being drawn here today to prevent interference with operation of the Wheeling Steel and Iron Company plant at Yorkville. The injunction was ordered by Judge John E. Sater late yesterday. The court will call upon Mayor Harry Cross and Sheriff Ed Lucas to maintain order and to make the streets safe for all citizens. One man was shot to death and another wounded several weeks ago when a street was swept with machine fire.

TOLEDO FIRM FAILS

TOLEDO.—The Marleau-Zucklen-Schoen Company of Toledo, manufacturers of tomato and other food products, thru their attorney, Henry Middleton, has filed a voluntary petition in bankruptcy in federal court here. The firm's liabilities were listed at \$114,784 and assets placed at \$214,184. However, according to the statement of Middleton, the actual value of the assets will be in the neighborhood of \$100,000, the chief assets being in the form of a note for \$150,000 given by the Ohio Conserving Company which went into bankruptcy last December.

BROKERS FAIL

NEW YORK.—Failure of E. H. Clarke and Company, one of the largest brokerage firms with membership in the New York curb market was announced today. The house has offices in Chicago and several other middle western cities and dealt largely in oil and copper.

BUS DRIVER
BLAMED FOR
DEATH OF 14

CLEVELAND.—(Associated Press)—The death of George E. McGhee today brought the toll from the collision between a New York Central express train and an automobile bus, at Painesville late last night, up to 14. Five persons are seriously injured, three of whom are expected to die.

A coroner's inquest will be held at Painesville late this afternoon. City officials of Painesville and officials of the New York Central railroad started investigations this morning.

Of the fourteen dead, seven of whom were women, only one has not been identified at noon today. This was believed by Gus Radick of Fairport, to be that of his son Stanley, but it was so badly mangled identification was not complete.

Following is a corrected list of dead and injured, as announced by the Painesville police today:

DEAD—Gladys Lippilakso, John Sturms, Max Sturms, Lillian Kello, Hilda Praski, Mrs. Oscar Cooper, Mrs. John Bartish, Mrs. Frank Friedbaugh, Stanley Radick, all of Fairport, Richard Strand, Chardon, Kathryn Horvath, Richmond, William J. Sutter, Jr., Chardon, Raymond O'Leary, Painesville.

INJURED—Andrew Adams, Fairport, driver of the bus, dying; Mrs. Martin Steinback, Fairport, believed to be critical; Nick Nemo, Fairport, believed dying. George F. McGhee, Medina, believed dying. H. Raymond Hamilton, Fairport, serious. Charles Sullivan, Painesville, fractured ribs. Most of those killed were residents of Fairport. Many of them had left a dance hall in Painesville, less than half an hour before the crash, while several others had attended a lodge meeting. Two had just boarded the bus and had just settled in their seats when the accident occurred.

DRIVER BLAMED

D. R. MacBain, assistant general manager of the New York Central, this morning gave out a statement regarding the collision in which he said the disaster evidently resulted thru the bus driver trying to beat the train.

Mr. MacBain's statement in part follows:

"The crossing is protected by a watchman who was on duty at the time of the accident and who endeavored to stop the bus and warn the driver of the imminent danger by swinging a red lantern. We have several witnesses to verify this action of the watchman.

"Evidently the bus driver wanted to beat the train which resulted in the disaster that followed."

ALCOHOL IN
BIG PLANTS
TO BE SEIZED

WASHINGTON.—(Associated Press)—Prohibition officials in New York and ten other cities where branch agencies of the Fleischmann Yeast Company are located, were preparing today to execute the orders of Prohibition Commissioner Haynes to seize all supplies of industrial alcohol in the plants. The orders were issued following the revocation of the company's industrial alcohol permits.

As ground for this action, which the prohibition commissioner said he regarded as "one of the biggest things done by the prohibition bureau," Mr. Haynes in a statement charged the company with "diversion of non-beverage alcohol for beverage purposes," and among other things with "disposing of non-beverage alcohol on forged permits and without permits to purchase."

THREE DIE IN FIRE

NORFOLK, Va.—(United Press)—Three persons were killed and five overcome by smoke in an early morning hotel fire here today.

Those who perished were trapped by flaming stairs. The ruins of the hotel, called "The Garden of Italy," are being searched for victims.

NEW HIT DEPICTS BORED AMERICA AT A
BANQUET

HELEN HAYES

NEW YORK.—The man from Texas may like his hot male, the man from Boston his beanpot and they all like the same thing—they have to. It is the common denominator—the greatest of America's indoor institutions. But it never had been properly picked on until George S. Kaufman and Marc Connelly, authors of "Dulcy," decided to score another success. So they wrote another comedy, put Helen Hayes and Otto Kruger in the leading roles and moved into a theater two doors nearer Broadway.

14 OPERATIONS, 45 SKIN
GRAFTINGS SAVE CHILD

DALLAS, Texas.—(Associated Press)—Dorothy Cannon, six years old, who has undergone fourteen serious operations and forty-five skin grafting applications, will be discharged from a hospital here, within another month, a well child, doctors declared today. Dorothy was given up as dead when she was found lying on a live wire in a puddle of water last June and then looked upon as a hopeless case for two months after she was brought to the hospital.

How long she lay on the wire is not known. When her mother found her, her clothing had been burned away and her body was black.

Members of the family and many persons who became acquainted with the girl thru her illness, insisted upon giving skin.

"The only trouble we have had," the surgeon in charge said, "is selecting dates for the skin grafting. There were always too many present trying to give their skin."

Dorothy has been able to walk lately.

FIUME FALLS
IN HANDS OF
REBEL ARMY

FIUME.—(United Press)—Fiume, storm center of the Adriatic, is held by a revolutionary provisional government today, following the overthrow of President Zanella by a Fascist uprising.

The white flag was raised over the government palace after a brief bombardment. The casualties before Zanella's surrender were light, only eight soldiers being killed.

A committee of national defense has been established by the Fascists who issued proclamation of their assumption of full powers of government. Royal carabinieri and troops have been entrusted with maintenance of order. It was announced that administration of the city would only be handed over to an accredited representative of the Italian government, who alone would be able to reserve tranquility, the Fascists declared.

Deputy Giunta, of the Fascists, headed this uprising. The trouble at Fiume, which has been the center of revolution and anarchy since the war and Gabriele d'Annunzio's dramatic seizure of the Adriatic port, arose out of Italian nationalist discontent with President Zanella's recent appointment of Croatian police.

PLUE VICTIM RECOVERS

Friends of Mrs. Goldie Bowersock, 414 E. Second-st., will be pleased to know that she is somewhat improved after having been the victim of an attack of influenza for a week past.

LEGION JOB
DRIVE ENDS
ON MARCH 20

INDIANAPOLIS.—(Associated Press)—Employment of 700,000 veterans of the world war who are now idle and in need will be undertaken in a great joint national effort already initiated by the American Legion in co-operation with an impressive list of national business, civic, fraternal and welfare organizations, according to an announcement today at the national headquarters of the Legion. Preliminary preparations for the campaign have been started under the direction of local units of the Legion and co-operating bodies. This includes a survey of conditions and suggestions for remedy in every locality. This work will be completed before March 20, which shall be known as American Legion Employment Day.

MEETINGS PLANNED

Hanford MacNider, national commander of the Legion, has appealed to the president, state commanders have requested their governors, and local leaders have asked mayors of cities and towns to set aside that day to launch by concerted effort in every community in the nation this joint drive to give work to and relieve need among the unemployed who served their country in war.

On March 20, it is planned to hold meetings under the auspices of the joint local committees in every city and town in the United States, at which the business men and employers and representatives of every element in the community life will be confronted by a survey of situation in their town with suggestions for relief which fit the local conditions.

"Properly supported this concerted, localized national effort will result in the relief of 500,000 men in thirty days," declared Lemuel Bolles, national adjutant of the Legion, who supervised the organization of the effort. "We are dealing with methods which have been proven."

But they are but part of the background in the great scene—Depicting bored America at the banquet.

3 OFFICIALS
ARE TAKEN
AT TOLEDO

TOLEDO.—(Associated Press)—Disappearance in recent months of approximately \$100,000 worth of merchandise from freight cars preceded the arrest here early today of Glen Ramsey, chief of the detective department of the Toledo and Toledo Shore Line railway, and Carl Kaufman and Elmer Waldeck, special agents.

The three men, all of Toledo, are charged with conspiracy in interfering with interstate shipments.

The warrant specifies theft of cloth valued at \$20,000 and being shipped from Winoski, Vermont, to Cincinnati.

Pinkerton operatives who arrested the trio say the ringleaders have not been apprehended.

DAVIS URGES CURB
ON PARDONS

CINCINNATI.—(Associated Press)—Until such time as a life term of imprisonment really means life rather than an average of seven or eight years in the penitentiary, there can be no modification in the enforcement of the death penalty in Ohio, Governor Davis said here today upon his arrival to attend the funeral of former Mayor John Galvin.

Discussing his fight for the abolition of capital punishment launched by him yesterday, the chief executive pointed out that it would be useless to think of doing away with it, and at the same time leave undisturbed the governor's pardoning power which has resulted in many sentences to life imprisonment being released after serving no longer than criminals imprisoned for much less serious crimes.

"Capital punishment must stay as long as the governor's pardoning power remains unrestricted with reference to life sentences," he said. "This power must be limited whenever the death penalty is discontinued, so as to allow its exercise only when the ends of justice and humanity absolutely demand it."

VICTIMS LURED
TO CAMP, SLAIN
BY GANGSTERS

TARRYTOWN, N. Y.—(United Press)—A gang of Italian assassins is believed today to have established headquarters near the John D. Rockefeller estate, at Pocantico Hills, and to be conducting "executions" in the vicinity of the oil king's home.

This belief is based on the murder of a young woman thought to be Mary Venza, whose body was found—head almost severed, with 25 stab wounds—near the Rockefeller grounds, and the killing of Paulo Letti, who was stabbed on the Mount Calvary rd, near White Plains.

Both murders bore indications of being the work of an Italian vendetta like the notorious Good Killers.

ASSASSINS' SIGNATURES

There were marks on the young woman's face, thought to be ritualistic scars put there by the knives of the assassins to show other members of the secret order who did the killing—assassins' signatures.

Letti's body also bore a peculiar cut over the eye, which police take to be the same sort of a sign.

The woman had evidently been taken to the place in an automobile.

No tracks were found in the snow. She was stabbed repeatedly and then her body was tossed out. Broken pieces of a stiletto were found nearby.

The case of Letti was different. He was stabbed as he walked along the road.

CRISIS FACING
ENGLAND AT
ACUTE STAGE

LONDON.—(Associated Press)—Austen Chamberlain's declaration of the solidity of the cabinet behind Lloyd George has had little appreciable effect on the situation which threatens to bring about the resignation of the prime minister, in the opinion of the majority of the political writers in today's newspapers. It is generally conceded that the crisis continues at an acute stage and even the journals most anxious to preserve the coalition government candidly admit that the position is about as serious as it possibly can be.

No important development is looked for until after the week-end. Lloyd George has gone to Chequers Court, his country estate, where he will have as his guests over Sunday, Chamberlain, Lord Chancellor Birkenhead, Sir Arthur Balfour, probably Sir Robert Horne and possibly Andrew Bonar Law and the situation naturally will be exhaustively discussed.

Meanwhile the friends of the coalition are continuing efforts to keep it together. Winston Spencer Churchill, secretary for colonies and a liberal, speaks at Loughborough today and will doubtless emphasize Chamberlain's view of the necessity of retaining Lloyd George at the head of affairs.

A movement is reported among the Conservative coalitionists in the house of commons, who disagree with the "die hards" to get together at the earliest opportunity and formulate an address to the premier assuring him of their support and urging him to remain at the helm.

PREACHER SLAIN
BY ROBBERS

ST. LOUIS.—(Associated Press)—The Rev. Dr. A. L. Shelton, medical missionary of the Disciples of Christ (Christian church) in Tibet, was murdered by robbers near Batang, February 17, according to a cablegram received by the United Christian Missionary Society here today.

Dr. Shelton escaped from a big and camp in China in January of 1920, after having been kidnapped and held for ransom for sixty days.

DAVIS WILL ANNOUNCE
PLANS IN TWO WEEKS

SAND SKY.—Coupled with declaration that he is against capital punishment and will use his influence to have it abolished in Ohio, Governor Davis in a speech before the Rotary club here last night said that he hoped to announce within two weeks that it "will be possible for me to follow my personal inclinations and return to private life."

The governor declared that "many promises have already been accomplished and others are so well along" that he hoped again to be able to give his time to his home, family and business.

In urging abolition of the taking of human life as a punishment for crime, Governor Davis termed it a perpetuation of a custom entirely inconsistent in principle with the modern era of enlightenment.

CROWDED HOUSE GREET
RALPH BINGHAM, HUMORIST

Ralph Bingham, humorist, gave a number of his interesting sketches and dialect stories in the Central high school auditorium last night, as a feature of the lecture course.

Bingham entertained a capacity house. Montraville Wood, a scientific lecturer, will appear on the last number of the school program. He is dated for April 27.

POLICE FIND MASH BUT NO STILL

Frank Conces Held in \$1,000, For Arraignment Tuesday

A raid by police at the home of Frank Conces, 38, of 112 W. Third-st., Friday night developed a mystery. Several barrels of mash and a quantity of rye whiskey was found, but the officers were unable to find a still or other distilling apparatus, they say.

Search high and low, garret to cellar, front door to rear, failed to reveal the thing. Police then searched the back yard and found a still and a quantity of mash and a quantity of rye whiskey was found, but the officers were unable to find a still or other distilling apparatus, they say.

In criminal court Saturday morning he was arraigned for bond in the sum of \$1,000 and his arraignment was postponed until Tuesday, to enable him to confer with his lawyer, who is absent from the city, in Chicago.

"Y" SECRETARY FOR CHINA TO BRING MESSAGE OF THE ORIENT IN ADDRESS HERE

A concise analysis of China of today will be given by Arthur Rush, Y. M. C. A. secretary for all China, Tuesday night at 8:30 at the local Y.

Rush has resided in Shanghai, China, for 17 years and is thoroughly acquainted with the conditions existing in that country at the present time. For years he has traveled in the land, visiting the most of the 15 provinces and practically all of the great cities. Shantung and Manchuria, where the struggle with Japan is now going on, he knows from personal visitation.

Reasons why America is distancing other countries in China trade are also known to Rush.

When Rush went to China 17 years ago there were only a handful of youths who were seeking education. Today, he declares, there are 1,000,000 students in modern government schools and the number is daily increasing.

His talk Tuesday is expected to be interesting because of the China and Japan questions which are puzzling this country at present.

REV. HOGUE, EVANGELIST, SUNDAY SPEAKER HERE

Rev. Joseph Hogue, Scotch-Irish evangelist, of St. Paul, Minn., will be the speaker at a meeting in Memorial Hall, Sunday afternoon at 2:30 and Sunday night at 7:30.

His talk in the afternoon will be "The Anti-Christ, Character of his Reign and Final Doom (including battle of Armageddon)." His night address will be "Our Coronation Day."

He has been brought to Lima under the auspices of the Christian and Missionary Alliance.

CONSIDER NEW QUARTERS FOR AMERICAN LEGION

More than 300 former service men and members of the women's auxiliary of the American Legion met in Stein hall Friday night for the purpose of talking over prospects of renting new club rooms.

Many of the veterans were from out side of the city.

One of the places being considered is Stein hall, now under lease to Company G, 146th Infantry. Rental demanded is said to be \$75 a month.

A committee composed of John Huxley, chairman; Frank H. Hume, Carl Critter, Mrs. Carl Critter and Mrs. Miller will report at the first meeting of the Legion in April.

THIEVES SHATTER SHOW WINDOW, SECURE ONLY ONE PAIR OF TROUSERS

Thieves battered an opening in the glass of a show window at the M. Marks clothing store, 67 Public Square Friday night and escaped with a pair of serge trousers, value \$7.

Police who examined the premises Saturday are of the opinion that the thieves were disturbed in their operations and had only time to secure the one pair.

Considerable other men's clothing was in the window, within easy reach. From the show window, it is a simple matter to get into the store proper.

BUSINESS BLOCKS AND APARTMENTS PLANNED

Between 10 and 15 business blocks and apartment houses are being planned for Lima, J. L. Motter, president of the Lima Real Estate Board, declared Saturday.

Just when these will be built cannot be definitely ascertained, he said, although it probably will be in the near future, as soon as money conditions "loosen up."

The fact that they are being planned, however, presages much for the future of realty and business conditions generally in the city.

CODY OF BABE FOUND IN BOX CAR IN B. & O YARDS

While inspecting cars north of the B. & O. yards Friday, Jesse Baker, a car inspector found the body of an infant, wrapped in a Toledo newspaper.

According to Coroner A. C. Adams, to whom the body was delivered for disposition, the child was prematurely born and evidently had been brought here from Toledo in the car, it had been dead for several days, the coroner said.

FAIR, WARMER, IS PREDICTION

"Fair and warmer predicted for Friday night and Saturday"—might more appropriately have been made to read "cloudy and cold." For that's the sort of conditions visited upon us.

Probably feeling confident that he will hit it finally if the prediction is continued, the forecaster comes back with a prognostication of generally fair tonight and Sunday and warmer Sunday.

Since it is an accepted fact that spring will soon make its debut in earnest, anything that may occur in a weather-way in the near future will not be at all surprising.

At this particular time of the year, the populace generally is in the mood to accept most anything in the way of weather, without grumbling, realizing that whatever it may be, it's only a temporary condition, anyway.

OUT OF TOWN CONTRACTORS MAY GET WORK OF PAVING SEVEN STREETS IN CITY

Out of town bidders may secure contracts for paving seven streets to be let by the city, if the material chosen is short asphalt, according to Vaughn C. Miller, city engineer.

Miller has completed the tabulation of the bids received Wednesday and is having them rechecked, for errors.

Outside bidders, prices on sheet asphalt are the lowest submitted in years. In many cases, the bids are said to be little more than the actual cost of material and labor. Home contractors bidding on similar materials are said to be much higher.

All things being equal, contracts will be let to home concerns wherever possible, according to Manager C. A. Bingham.

A list of the low bidders on the eight classes of paving stipulated will be announced as early as possible, Miller said.

REALTY COMPANY CLOSES DEALS INVOLVING \$19,000

Real estate deals involving \$19,000 have been closed by Fred B. Williams & Co., realtors.

A large residence lot, Lakewood-ave, near Charles-st., has been sold to Dr. J. R. Johnson, for a consideration of around \$3,500. Dr. Johnson plans to build a fine home on the lot, it is understood.

The residence of the widow of Charles Leuch, N. Jamison-st., has been sold to Ernest Miller, of the Lima Locomotive Works for approximately \$10,000.

A \$5,500 residence owned by Henry C. Franklin at 711 E. Kibby-st., has been sold to Noah Bucher.

TWO IN TIE FOR HONORS IN SPELLING CONTEST AT TILEVILLE SCHOOL HOUSE

Fully 125 contestants took part in the annual "spelling bee" of American-tp, held in the Tileville school, Thursday night. A crowd of several hundred attended the "bee" which was the largest, both in contestants, and attendance, ever held there.

The contestants were divided into two groups, ciphering and spelling. Mrs. Herbert Hixon, 125 W. Circular-st., Lima, and Evelyn Edgcomb, high school pupils, tied for the township spelling championship. First and second prizes in the various grades were awarded to a long list of students, the contestants being classified as to their grades.

"Penitentiary" was the word that spelled down Mrs. Hixon and Miss Edgcomb.

I. W. Dyer, superintendent of the township schools, had charge of the contest.

MEN AND MATTERS

Rev. W. C. Spaydo will preach in the Lutheran church of West Cairo Sunday afternoon at 2 o'clock.

J. E. Collins, superintendent of schools, went to Bowling Green Saturday, to attend a meeting of the trustees of the state normal school there.

S. E. McClure, for four years connected with the Elmer D. Webb company, realtors, have assumed charge of the city sales department of Fred B. Williams & Co.

Bob Jones, evangelist, who was scheduled to speak at Memorial Hall March 12, will give his evening address at the Trinity M. E. church instead. The change has just been decided on. His afternoon talk will be at Memorial Hall.

Stephen Dosa, an employee at the Ohio Steel Foundry is at St. Rita's hospital suffering from infection, which set in after an iron bar fell on his toe.

WILL OPPOSE TOWNSEND IN RACE FOR THE SENATE

WASHINGTON — With a declaration that "it is vital to Michigan that money shall not be a determining or even important factor" in the forthcoming election Representative Patrick H. Kelly, of the sixth Michigan district, formally announced today he would be a Republican candidate for the senate. He will seek the seat now held by Senator Townsend, Republican, who, it is understood, will be a candidate for reelection.

In a statement announcing his plans, Mr. Kelly declared it should be possible for the Republicans of Michigan to nominate a senatorial candidate "practically without the expenditure of money," adding that it was their duty to do so.

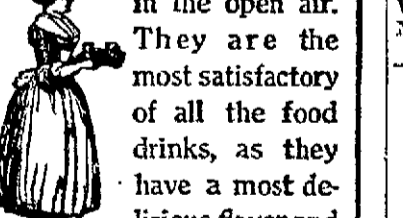

INCREASE RECOMMENDED IN FEE FOR TURNING ON WATER

Increase in the price of a permit charged by the water department for turning on a hydrant for a consumer, from \$1 to \$5 is recommended by Charles Evans, water superintendent, in a communication to Manager C. A. Bingham, Saturday. Evans says that \$1 has been the fee in the past, but due to the fact that services of a man are required and there is no time specified, he believes the amount should be increased.

An attractive proposition to salesmen and women who are alive and energetic

Are you one of those unfortunates who have to blush for short skirts?

It is your own fault, not Nature's, if you are not secure in the possession of trim ankles and a well modeled calf.

Developing a Beautiful Ankle and Calf

By Arnold Bayard Ph. B.

is the title of a book that will make possible for you the slender ankle and beautifully proportioned calf that the world associates with its ideal women.

Measure your calf at its greatest girth and divide by 1.73. The result is the size your ankle should be at its smallest girth. The book will show you just how it can be achieved. Isn't it worth a few minutes of conscientious effort each day to gain and keep the priceless possession that is the basis of woman's power, popularity and success in life?

Simply send a dollar with your name and address, and the book will go to you.

WOMAN COULD NOT WORK

Made Strong and Well by Lydia E. Pinkham's Vegetable Compound

St. Paul, Minn.—"I took Lydia E. Pinkham's Vegetable Compound for a tired, worn-out feeling and painful periods. I used to get up with a pain in my head and pains in my lower parts and back. Often I was not able to do my work. I read in your little book about Lydia E. Pinkham's Vegetable Compound and I have taken it. I feel so well and strong and can do every bit of my work and not a pain in my back now. I recommend your medicine and you can use this letter as a testimonial."—Mrs. F. H. THE WATER ROUTE

RIVER and canal sailors in another generation may be as common in our country as railroad men.

The transportation problem is getting tangled into such a snarled knot that chances are the United States will have to follow older countries and develop a great connected system of inland waterways.

The ship, as a competitor of the box car, might work wonders at making the railroads furnish good service cheaply.

There is talk now, for instance, of a Great-Lakes-to-Ocean waterway to enable ocean ships to travel as far inland as Chicago and Duluth via the St. Lawrence River.

Scores of similar projects will be proposed within the next 20 years. Many of them will be built.

OUR country has 28,000 miles of potentially navigable rivers. Only 2000 miles of these have been sufficiently improved to make them dependable for navigation.

Time was, when river traffic had the field to itself. As in other countries, our civilization in spreading inward from the coasts followed the rivers.

Then came the railroads. Following the Civil War, a period of great railroad expansion threw many bustling river towns into eclipse.

The rivers are coming to life again. Uncle Sam at present is improving 192 harbors, 294 rivers and 83 canals and other waterways.

Government expenditures on these projects in the fiscal year 1921 totaled more than \$57,000,000.

THE water-borne commerce of United States totaled 369,269,026 tons in 1920, the latest year for which complete figures have been gathered.

Of this, 111,139,686 tons were handled on the Great Lakes and 43,187,893 tons on rivers and canals.

Roughly, 31 tons of freight were handled on Great Lakes, rivers and canals for each 74 tons of exports and imports by ocean routes.

It is an enormous foundation on which to build a mighty freight traffic on inland waterways.

WIVES

EVERY married man has had this experience: Husband meets a man with an impressive front, swallows him hook, line and sinker.

He is so impressed that he insists on wife meeting him. Friend wife, meeting the stranger, isn't impressed.

Why? Well, she doesn't know exactly—the stranger has a peculiar look about the eyes; he wears the wrong color necktie, or looks as if he were mean to his wife.

Time proves the wife was right in her size-up. Instinct, the sixth sense, told her.

The only accurate clairvoyant is a woman's intuition.

BOBBED HAIR

IN Chicago an average of 2500 women a day are getting their hair bobbed.

Is bobbed hair coming as a permanent institution?

It is only a few generations since all men wore their hair long. No doubt, the men who pioneered the short-hair fad were ridiculed.

A few years from now, the woman without bobbed hair may be a curiosity. Once cut, they generally like it. That is the first requisite for making a fad into an established custom.

WAS HE GUILTY?

ENGLISH newspapers, just arrived in the mail, say that "Bluebeard" Landru had an unfair trial in France—that the judge repeatedly taunted him—that it is difficult to believe that such a farcical trial could take place in any modern civilized country.

In following Landru's trial, you may have noticed that the prosecution did not produce the body or skeleton of any of his alleged victims.

Fragments of charred bones were found under his country residence, buried in the cellar. Experts expressed the opinion that these were the bones of humans.

That sort of evidence wouldn't have carried much weight in America. Here we have to prove death by producing the corpse of the victim before there can be conviction for murder.

In France, they have the Napoleonic criminal code. By it, the accused is presumed guilty until he proves himself innocent.

In America, a defendant is presumed innocent until proved guilty. In giving a presumed criminal the benefit of the doubt, we even go as far as to say that his wife cannot be made to testify against him.

We go further and decree that anything confided in a professional capacity to his attorney, physician or clergy cannot be admitted as legal convicting evidence.

This is the rule, thruout the whole of the North American continent, except in the province of Quebec, Canada. Like France, Quebec has the Napoleonic criminal code.

By curious coincidence, it was claimed at the last moment that two of Landru's alleged victims had been found, buried in Montreal, Quebec. The discovery was cabled to France, but it didn't halt Landru's execution.

Observe that Landru was beheaded without actual proof that any of his alleged victims were dead. That couldn't happen in our country.

Landru's head has been chopped off, and technicalities of court procedure no longer interest him.

But it may be that, of all things happening on earth in the year 1922, nothing will be remembered 10,000 years from now except Landru's death. He may become a mythological character, a folk-lore like Gog and Magog.

That would please him, for it would satisfy his vanity, which, after all, was all that he existed for.

'ROUND LIMA HOUR BY HOUR

BY OH. OH. JACKENHIM

A Page from the Diary of an Antiquated Reporter:—Awake, and to chide my wife again, she allowing me to lay late. A hurried breakfast of porridge and tea, then out into the thoroughfare to be greeted by the warming sun and harbingers of Spring I had not before felt or seen.

To the post to learn what creditor had me overlooked when the rush for my poor savings of the month started on the first. On the way I met a fine fellow followed by a squad in Market-st, and upon inquiry I did learn that it was the instructor General Byng had engaged to callhenthize our Bobbies and Laddies. And he leading a group of the brave men, albeit not with their general sanction I found, to the gym.

To my office late and to have my peace of mind further disturbed by two or three who would find fault. I agreed with them, thinking it to be the best and they satisfied.

Lunch at the Elks where did dine with Harry O'Connor, the new exalted ruler, and Al Apples, the insurance magnate. And the repartee did my worried self much good.

Back to my office to set about casting up my accounts against a trip to the Forest City where reporters and scribes, not all antiquated, soon will gather. And ere long my wife in her discontent sent me a letter, which I am in a quandary what to do. Whether to read it or not. And I purpose not, but

WITH APOLOGIES

To burn it before her face, that I may put a stop to more of this nature. Yet I must think of some way—ah, the laundry—and by employment to take up her thoughts and mine. After doing what I had to do, I home to supper. And there became most sullen to my wife with no spirits to gladden my soul, my favorite bootlegger forsooth having

tailed me the Scotch he promised. To bed but not to sleep and sought relaxation in the Satepost. Chanced upon that talk-frayed subject—Footitis—and 'twas with some disgust I read what I already knew, written by a man with a reputation at 2 or 3 cents a word. And glad I am when my lids grew heavy for another weary day having passed.

LUCKY ACCIDENTS

(BY DR. WM. E. BARTON)

I HAVE been told that for many years after machines had been invented for the making of screws, the screws had to be pointed by hand and that it was a difficult and expensive and not wholly satisfactory kind of work.

One day a workman operating a screw machine had a slight accident. The machine worked loose while it was making a screw and threw out the screw with an unintended twist.

The workman picked it up. It was perfectly pointed. Before he adjusted his machine, he sat down and studied it to see just what had occurred.

When he discovered how it had been done, he invented a way to have the machine do that same thing every time. He is said to have grown rich.

In a recent article in the London periodical, Discovery, Herbert W. Horwill in an article on "The Parentage of Invention," declares that 99 per cent of inventions are accidental.

Perhaps that is true, but it is not

the whole truth. Some we would have cursed the machine and never picked up the screw and if it had been laid before their eyes would never have stopped to think that in that accident was disclosed a secret that hid a mine of wealth.

It was that way with the discovery of photography. A silver spoon laid by accident upon a plate that had been coated with iodine preserved an image of the spoon. How many men of single-track mind would simply have washed off the plate and tossed it again with iodine for the original experiment? Not so Daguerre—he utilized the accident and discovered photography.

Accidents are happening all the time. The inventors are not the lucky fellows to whom the accidents occur, but the men who stop and think of the reasons and the possibilities of the accidents. Those men bless humanity and build up their own bank accounts.

THE GREAT AMERICAN HOME

—THE OUTCAST—

FROM OUR READERS

Editor, The Lima News:

I most graciously call to your attention, that the city of Lima has several thousand negro citizens; that in the past, Lima's municipal government has been run as tho there were but a single race of people making up the city—and that the Caucasian race. I believe that in a city the size of Lima every race composing it, especially the Caucasian and negro should be represented in some official capacity. In this way they can work together for a perfect understanding of each race—their needs, their difficulties and peculiarities better considered.

When the various races understand each other there will be no more friction or prejudice and there will come harmony, peace and contentment and the city will take instant upward strides. So the races must get together officially, civilly, publicly and religiously if notably progress is to be made. I maintain that the American people have held back their own progress 100 per cent because of race prejudice.

I have discovered that the negro citizens of Lima have not been given their full rights and liberties. No city can truly lead until it plays and deals fair and square with all its citizens; be they black or coal, or white or snow. The most ignorant man instinctively knows whether or not you are playing fair and square with him. "Fair play and square dealing" is the best slogan any city can adopt.

I have discovered that in all the history of Lima the negro citizen has not been called upon to perform his duty and rights as a citizen should in the capacity as juror in the Common Pleas Court, Criminal Court, grand jury and others. I hold that the American negro is not an inferior race, but that this scientific analysis his powers mentally, spiritually and physically have been proven to be at least on a par with those of any race on the face of the globe. And I ask you in the terms of an ancient phrase "how long, O how long wilt thou abuse" Not only is the negro citizen entitled to perform his rights as juror but he is as able and competent as the Caucasian citizen. As I read the Constitution of these United States I get understanding; that this getting of holding the negro citizen back and refusing to call upon them to exercise their rights as jurors, is purely and deliberately an un-American practice. I have been trying to believe and see it otherwise, but in spite of that, when I again read the Constitution it brings back to my mind the same understanding.

I ask the good citizens of Lima will you rise up and speak with approval for the American negro. If you like the American negro, if you like to see the progress of the whole American people. I am convinced that the negro citizen should be considered as a full fledged American, when I glean from the pages of history that his hands helped lay the first foundations of American homes and institutions; that his blood was the first to be shed that America might be called the home of the brave and free; that justice, liberty and equality might be given to all. I declare to you if you take these things from the negro citizens the great American government will never reach its ideal and the fulfillment of its high purpose.

Again I have discovered that there are several Christian institutions in Lima who are unfair to negro citizens. I do not refer to the churches for I am glad to say that they have been very cordial. The other institutions have refused the negro the same accommodations as the Caucasian. I wish my fellow ministers would give their assistance in seeing that the same welcome and accommodations are extended to all alike in our various Christian institutions. When a city becomes right spiritually, you can not keep it from making progress and gaining the attention and admiration of the world.

There are scores of places in this city run by Caucasian citizens who

make it a rule to discriminate against the negro and do not treat him with the same courtesies. I mention in part, the—restaurants, confectionary stores and theaters.

Most restaurants and confectionary stores will serve them only if they will consent to take their purchase in their hands and eat it out on the street or elsewhere, just like a dog would do. They refuse to let them sit at tables or counters as do Caucasian citizens. This is unlawful and unfair—and it is discouraging to negro citizens. All races of people are alike, in that there are but a comparative few bad ones in each to the many, many good ones in each race. So therefore, I believe they should all be dealt with alike no matter who they are or what race they belong. This would be true Americanism and it would make us all better Americans. As I truly believe, that man or woman in business, who refuses to extend to the negro, just because of his race or color, the same courtesies, liberties and square dealing as he would a Caucasian customer—then I say: that man or woman needs more of the grace of God.

In the theaters, the owners have a certain place or section where they demand negro citizens to sit. It makes no difference whether they can see or hear with comfort or pleasure, they must sit in those particular seats regardless of their desire. This is segregation and discrimination. I have the information that there is no segregation laws in the city of Lima.

I feel that it should not be necessary to take these matters to a justice of the peace, or sue for damages constantly, as there would be many scores of these cases daily. It therefore appears that the proper channel for these matters would be for the city officials and executives to take initial and direct action against such unfair and unequal dealing.

Several times I have taken these matters up with past officials of Lima and nearly every time they would agree that these conditions existed but they said matters of this

nature should be handled with gloves on. But I declare to you in this letter—that just as long as vital matters of this nature are handled with gloves, just so long will these injustices prevail; thus, hampering the growth, happiness and peace of our city.

It is true, it takes courage to go after these matters. But I believe the man or officials who has the courage to go after and eradicate these unholy and un-American injustices will go down upon the records of Lima, as making it the best and most popular city in the United States.

And now I ask every one: do you want Lima to be a big and prosperous city; do you want Lima to be always peaceful and happy city; do you want Lima to pay the supreme tribute to the great Constitution of the United States—do you want Lima to be a center of fair play and square dealing to all? Then, if you do—I point to you there, in your own hands, the key, of "Justice." I trust that hereafter we will all use this key. It is a key given to us all by our great and loving God.

Again, I ask you, and even beg of the good people of Lima to give this matter your highest thought, and in your every act may you stamp your approval for the eradication of these un-Christian and un-American practices which I have tried to most graciously outline before you.

In conclusion these matters interest me so much because: This is my home town; the city in which I was born and reared. I want my home to be the best city in all the world, not in words, but in deeds—a city that deals not in the color of a man's skin or the strength in his muscles but deals with his character and character—be he white as snow or black as coal. I want my city to be known as the "City of Fair Play and Square Dealing" to the black man as well as white man. I want my home town to be so good that God himself, would be pleased to choose to live here among us.
